

Big News: PSIR ONLINE Launches February 15!

We are thrilled to announce the official launch of **PSIR ONLINE**, a premier web portal and IAS academy meticulously designed for UPSC Civil Services aspirants.

Under the expert guidance of **Dr. M.V. Duraish** and our team of political science specialists, we are moving beyond traditional coaching to provide a focused, high-impact learning ecosystem. Whether you are tackling the complexities of **Political Science & International Relations (PSIR) Optional**, mastering **GS2** and **GS4**, or staying ahead with **Current Affairs**, we have you covered.

What Makes Us Different?

- **Micro-Module Learning:** Flexibility is at our core. Through our app, you can purchase specific **recorded micro-modules** for PSIR, GS2, and GS4. Only pay for the topics you need, rather than committing to an entire course.
- **Live Interactive Classes:** Engage directly with our experts through live sessions for comprehensive subject coverage.
- **Targeted Prelims Support:** Master the **Indian Polity** section of the UPSC Prelims with our specially curated video modules designed for maximum retention and score-boosting.
- **UGC-NET Specialization:** We extend our expertise to those aiming for **Assistant Professor** roles, providing dedicated training to crack the **UGC-NET Political Science** exam.
- **Bilingual Excellence (English + Tamil):** Breaking the language barrier! We are proud to be pioneers in the industry, offering **bilingual (English + Tamil)** classes alongside our English-only modules. You get the same depth of expertise and academic rigor in the language you are most comfortable with.

"Your journey to the bureaucracy deserves the precision of a specialist. Start your journey with PSIR ONLINE."
